Re: Michael Nelin

Dear Glenda:

We just wanted to write a short note of appreciation for the work you and your staff did regarding our remodel. You and your team were a big part in helping us design a kitchen we will forever love coming home to, living in and entertaining from with style and comfort.

As you are well aware, our remodel project took on its own life well beyond what anyone expected when we opened up the walls and found the structural challenges previously unknown. We were incredibly blessed to have your foreman, Mike Nelin, as the on-site lead directing this undertaking. Mike proved not only to be a master craftsman; he was also very meticulous, conscientious and patient with our constant queries.

If we ever decide to do additional remodel work on our home, regardless of the scope, we will be explicitly requesting that Mike be the designated on-site supervisor and lead carpentry resource. We have both had lots of other work done at previous homes and it has always eventually proved to become a headache and source of frustration. This was *not* the case in our seven month remodel – which is extraordinary! Again, thank you for assigning Mr. Nelin to our project – he was onsite virtually full-time for this project and I will actually miss the daily interactions with this gentleman.

We will be happy to be unconditional sources of reference for the quality of work performed by Cabinets at Danada, in particular, if Mr. Nelin is heading up the project.

We will be writing a similar letter to Mr. Havlicek.

With Gratitude,

A handwritten signature in black ink, appearing to read "Lee P. Murphy". The signature is fluid and cursive, with a long horizontal stroke at the end.

Lee P. Murphy, CPA
